

Landing page & admin panel in the Nebula palette.

Colours extracted from your reference video.
Page 2 is the landing page, pages 3–17 are
the fifteen admin screens.

How it was extracted
Ten-colour clustering over eight frames of the video gave the navy-to-void range; the button, glow and warm accents were sampled from the pill buttons, the orbit glow and the 3D chart cubes.

Contrast
Off-white text on night navy 16.7:1, secondary text 7.2:1, dark text on periwinkle buttons 11.6:1.

Charts
Four hues tuned from the video's blue, ember and a teal and violet partner, all passing the colour-blind check on the dark surface.

A CREATIVE POD FOR D2C BRANDS

Content that ships every week. *Proof* you can check.
